BLOCH Executive MBA OVERVIEW

**B**

Bloch Executive MBA Program is a 21-month, cohort-based MBA for the successful professional. Courses engage students through applied learning and real-world cases, that enable Executive MBA students to take knowledge gained on Saturday and apply it at their office on Monday.

Innovative Thinking For Disruptive Times

You are facing challenges from new technology, regulatory environments, international competition and changing workforce demands. From the first business analytics residency to the final international residency, the Bloch Executive MBA will give you the tools to solve complex problems and identify new business opportunities.

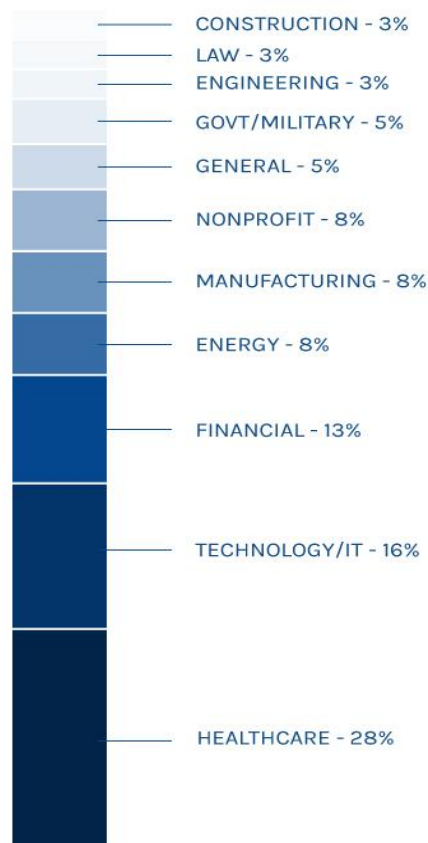

The Power of We

We believe deeply in the power of team-based learning and exposure to diverse perspectives. Within your Bloch EMBA cohort, you will learn from the unique experiences and insights your classmates bring to the table.

One-On-One Leadership Development

Beyond the classroom, the Bloch Executive MBA provides personalized professional development support. You will work one-on-one with an executive coach to assess leadership competencies and style and develop strategies for achieving your goals.

Why an Executive MBA?

The Executive MBA provides students with the dual value of a rigorous MBA curriculum and the personal development of leadership training.

The Student Experience:

- Develop a cross-industry peer network
- Develop skills necessary to lead a diverse workforce through work with an executive coach
- Applied learning through hands-on projects
- Management level classroom discussions with other experienced professionals
- The opportunity to select curriculum for a more personalized experience with two electives

Who's it for?

The Bloch Executive MBA Program is designed for experienced professionals who can commit three days a month to enhance their business strategy and leadership skills in the company of a cross-industry cohort. Those who benefit the most from the program include:

- **High performing managers** on the cusp of being organization decision-makers
- **Fast tracked, ambitious climbers** who are rising quickly within their company or industry
- **Legacy leaders** identified in succession plans as a future member of the C-suite
- **Highly skilled professionals** (i.e., physicians, engineers) assuming greater leadership roles
- **Seasoned leaders** looking to bolster skills to challenge environmental disruptions
- **Entrepreneurs** making the shift from creative founder to corporate leader
